Languages

Siswati
English
Zulu

Summary

An Information Technology graduate who is passionate about software and web development. Always eager to learn something new in programming. I love challenges and exchanging ideas.

I am looking for an environment where I can grow my programming skills, learn new things and how to properly apply my knowledge and gain experience.

Experience

Student Assistant - 07/2019 – 07/2020
North West University, Vanderbijlpark
I assisted first and second year students with graphical user interface programming in C#, I was responsible for:

- Marking Assignments and tests.
- Helping students in and outside class when they needed help
- Reviewing and assessing group projects
- Helping with invigilating during tests and exams.
